

## EmpTe

**Skinny Puppy**

beat my head to wake up cause I feel as if I'm  
sleeping past is in the heart and I am waiting for the  
rhythm feed the holy jaws no saying pain is the answer  
after all is gone the story leaves me feeling empty  
and all alone it leaves me feeling emptE breathe we  
are all animals inside free the spirit is alive to  
guide us we're all alone and really feeling empty  
we're all alone when all revenge falls apart taken a  
step back from the start leaves me feeling empty IT
