

Just looking for something  
Is what to say  
Keep looking at nothing to go away

You take my picture  
A portrait prize  
Behind my image your father's eyes

Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something now

It looks like something  
From far away  
Inside the image grows and makes the shadow fade

Behind the image posted on your wall  
A crack is hiding fighting for it all

Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something now now now

We've taken it somewhere  
From far away  
The voices echo from yesterday

Behind the crack  
Behind the image on the wall  
I see you curled up tightly hiding from it all

Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something  
Just looking for something
