

A police state invents you  
Give me your name  
Your birth reconnects you  
To a number and age  
To see through the mountain  
Master and serf  
A failed-state connects us

The threat aside us  
Blow-back reblame  
So we are the suspect  
Again and again  
A terrorist is suspect  
A terrorist is blamed  
We're the receivers  
Living in a game
