

serving, testing, armed race begun.
depleted, geranium, flower with power of sun.
complex, militant, woven ingrained us all.
time bomb, elegant, cast system gun[?].
I want a way out to get out fast
before it becomes too real,
they want a war in this futures mess
extinction I think is for real
I want a way out to get out fast
before it becomes too real,
they want a war in this futures mess
extinction I think is for real
living grade, construct, feeds on reconstruction.
mercenary, contracts, nothing lay under the sun.
six gun, neighbors, watch villages slide.
unibombed, contracts, set the system on fire
I want a way out to get out fast
before it becomes too real,
they want a war in this futures mess
extinction I think is for real
I want a way out to get out fast
before it becomes too real,
they want a war in this futures mess
extinction I think is for real
Jimmie's clearly out of luck,
time is gone, logic is lost,
matters haven't vanished what is here has been un-done,
soaking in the aftermath,
hollow breathing in the bed, [?] sheets of rotting things,
the best kept secrets pillowing,
divine host, kill the ghost,
target faced with shadowed voice,
keeping massive overflow from sweeping it away
fake bomb, contest, con-structionless clones.
dipped cone, warhead, tripled atomic drones.
I want a way out to get out fast
before it becomes too real,
they want a war in this futures mess
extinction I think is for real
I want a way out to get out fast
before it becomes too real,
they want a war in this futures mess
extinction I think is for...
