

Antislavery

Skip The Use

Nothing is cool
Nothing is free
Nothing is good
No there's nothing for me

I'm doing this song by my own
I'm building this word by my own

Escape from their bloody slavery
I'm the devil for them
of course you know it baby
Escape from a bloody slavery
Oh da devil for damm
of course you know it baby

Yes I know what to do antislavery x2

Life is a pain
you never know before
Smiling again
I know you want more
I living in my dream
But i don't open the door
I living and dying
Right down on da floor

Escape from their bloody slavery
I'm the devil for them
of course you know it baby
Escape from a bloody slavery
Oh da devil for damm
of course you know it baby

Yes I know what to do antislavery x2

Natural born killer
can do anything for her
Cause I'm a punk rocker
Oh shit where are my my flowers
Behind a computer
I'm not a guitar playa
Cause I'm livin hidden
No i'm not Johnny Rotten

Yes I know what to do antislavery x5
