

Birds Are Born To Fly

Skip The Use

La-la-la-la la-la-la-la

It's raining in the city
My head is hot the sky is grey
My shoes are so dirty
I don't give a fuck today

I'm walking like a Jedi
A song is on the radio
Another cover of "world is mine"
Oh birds will never fly

La-la-la-la la-la-la-la
Birds are born to fly

City's burning all around
This is our world's decline
A man says "don't stop to cry
Dude, we are ready to die

Facebook rules our nations
And we have smashed our radio
Fuck those covers of "woldr is mine"
Cause birds are born to fly

La-la-la-la la-la-la-la
Birds are born to fly
