

Cause she knows how to make me crazy  
I wanna have the first place honey  
Your hand on my wonderful body  
You know who's coming down again  
I love this game, It's not a lie girl

It's not a lie, It's not a lie  
I love your brody lane's voice  
You know it really drives me mad!  
For sure I hate the other guy  
Until I die, it's not a lie girl

It's alright  
She was in no mood to understand my groove  
Everybody lies! Greg House says

She told me "not interested"  
For sure it's not complicated  
My blue sky turn to grey  
I can't believe she could say no to me  
Oh yeah  
You know I've ever won the race  
You're not invited to my first  
She only looks for a best friend! I love this game  
It's not a lie girl!

It's alright  
She was in no mood to understand my groove  
Everybody lies! Greg House says x4
