Skip The Use

I don't have a nice car
I don't have a fresh hair cut
I don't need a job for life, I'm going fast

I wanna be insane
all my life is gonna change
no need to be obscene, I'm disgusting !

I want you on my own
don't wanna go down
forever in my hand, easy to understand
I want you by my side, nothing else in sight...
and everything is alright....
