

Second To None

Skip The Use

Skinny pants, no saturday night shoes
Baby I love the way you move
Definitely not the girl next door
Pretty smile's telling me: "gimme more"
Catch my heart forever, let's make out together!!

No she don't come from this town
And tomorrow she'll be long gone
Tell me your name, space invader
Drive me insane babe you're second to none

Classic rock tee covering you breast
You've definitely won the contest
Baby i've no choice but to approve
The other girls are stamped to lose
Catch my heart forever, let's make out together!!

No she don't come from this town
And tomorrow she'll be long gone
Tell me your name, space invader
Drive me insane babe you're second to none
