

## Broken Knees

Skrape

My eyes seem to see  
What others never see  
Something's building inside me  
But it's not for real

You hate, rape me

Some way is how  
My resurrection's now  
So unable to breathe  
With broken knees

No cause for a scene  
'Cause no one's knees are clean  
Such a killer inside me  
I'll come for you

You hate, rape me  
You hate, rape me

Some way is how  
My resurrection's now  
So unable to breathe  
With broken knees

Don't tell me I can't hate  
You hate, rape me  
You hate, rape me

I'll never hurry, I'll never worry  
I walk on broken knees
