

Rake

Skrape

We choose skin to refine
It shows in good time

Rake it, you cut inside of me
Grind it, you pick apart again
(Boy)
Fight it, you never 'sume to face
(I'm lying)
Hate it, I wish I could escape

All these things we're sayin', I don't care about
All these things we're sayin', I don't care about

We don't change your mind
Strange, I don't decline

Rake it, you cut inside of me
Grind it, you pick apart again
(Boy)
Fight it, you never 'sume to face
(I'm lying)
Hate it, I wish I could escape

All these things we're sayin', I don't care about
All these things we're sayin', I don't care about
