

## Rake

## Skrape

We choose skin to refine  
It shows in good time

Rake it, you cut inside of me  
Grind it, you pick apart again  
(Boy)  
Fight it, you never 'sume to face  
(I'm lying)  
Hate it, I wish I could escape

All these things we're sayin', I don't care about  
All these things we're sayin', I don't care about

We don't change your mind  
Strange, I don't decline

Rake it, you cut inside of me  
Grind it, you pick apart again  
(Boy)  
Fight it, you never 'sume to face  
(I'm lying)  
Hate it, I wish I could escape

All these things we're sayin', I don't care about  
All these things we're sayin', I don't care about
