

# Before The Night Falls

Skrewdriver

They come here to this country from the jungles and from trees  
The traitors in the parliament give them a better deal  
Spend the nation's money, to cater to their needs  
They all accept our charity, then bite the hand that feeds

Chorus:

Before the night falls, heed the White call  
Before the night falls, when the reaper calls you

Our forefathers fought in two world wars, they thought to keep  
us free  
But I'm not sure that in those wars, who was our enemy  
The Zionists own the media, and they're known for telling lies  
And I could see, that it could be, we fought on the wrong side

(Repeat Chorus)

European unity, the North Teutonic dream  
To scoop to save humanity, leave Europe with the cream  
But now our once proud Europe, looks like a melting pot  
But melting pots boil over, and it's getting pretty hot

(Repeat Chorus) x2

Calls you!
