

Smash The Ira

Skrewdriver

On the streets of Ulster, the battle rages on
British people fighting for their land
Fought in two world wars for us,
fought and died for Britain
Gotta help them, support the Red Hand

Chorus:

Smash! Smash! The IRA!
Smash! Smash! The IRA!
Smash! Smash! The IRA!
Remember the victims of their bombs

Gotta change our policies and hang the IRA
Let the Army deal with them their way

Corrupt politicians and
sniveling left-wing scum
Are quite content to let them get away
Come on Ulster!

(Repeat Chorus)

solo

(Repeat Chorus)

IRA supporters are marching on our streets
Are we gonna let them spread their lies?
Are we gonna let them march or
are we gonna smash them?
Laughing while the British people die
Come on Ulster!
