On the streets of Ulster, the battle rages on British people fighting for their land Fought in two world wars for us, fought and died for Britain Gotta help them, support the Red Hand

Chorus:

Smash! Smash! The IRA!
Smash! Smash! The IRA!
Smash! Smash! The IRA!
Remember the victims of their bombs

Gotta change our policies and hang the IRA Let the Army deal with them their way

Corrupt politicians and sniveling left-wing scum

Are quite content to let them get away Come on Ulster!

(Repeat Chorus)

solo

(Repeat Chorus)

IRA supporters are marching on our streets Are we gonna let them spread their lies? Are we gonna let them march or are we gonna smash them?

Laughing while the British people die Come on Ulster!
