

## Chasing The Dream

Skull Fist

I'm on these speeding wheels  
and I ride to victory  
I give it all I got so there's no way you'll follow me  
and in this tired land  
I'm faster than a steed  
I feel the power flow ain't nothing that I need  
I see you in the streets  
you always going slow  
should've got it right but there's no way you'll know  
ain't got the time for me  
you think this feelings free  
you took your biggest shot but couldn't even see  
I'll rise above  
I'll be there  
chasing the dream  
I'll never give it up  
this is my only dream  
I hear you say the words I know you'll never feel  
so as you crawl ahead  
I'll be speeding by  
these mighty words will never die
