

## Mourning Light

Skullview

Valiant days, when i walked in shadows  
Endless time of pain  
Alone i seek a sacred scripture  
The lost scrolls of the plauge

A darkened figure amidst my shadow  
Ha said "search the land and find the key  
Unlock this door, to this kingdom  
And all will be yours beyond the sea"

Let the moruning light guide your way  
Fire so bright, scorching flames  
A quest of honor, valiant name  
Let the mourning light guide your way
