

You Want It All

Skunk Anansie

Subscribe, to love, of your, big gut
Fill it up, with food, you love it all
Watch out, I'm here, I crowd, your sneer
Reflects your face, you love it all

You want it all (you want it all)
You want it all
you want it all

No time for me, your life's in greed
Your days, won't last, you gotta have it all
You smile, out loud, so crass, all heart
Big mouth, small brain, you want it all

You want it all (you want it all)
You want it all
You want it all

Ohh, They`re coming to get you,
They`ll feed ya, they kill ya

You want it all (you want it all)
You want it all
You want it all
