

24 Hours

Sky Ferreira

(Verse)

The seconds run away
Then it's rest
At speeds we can run at
As hours start to fade deep into the night
I'm not in the mood for laughing

(Pre-Chorus)

It's slipping away
There's nothing we can do
It's slipping away
There's no tomorrow without you

(Chorus - part 1)

I wish these 24 hours
Would never end
Oh in these 24 hours
Wish to forget nothing

(Chorus - part 2)

24 hours
We still have time
For 24 hours
You're still mine

(Verse)

If this is new
Just can deal with it
In a way you could say
I was always the same
Hopeful for a while,
Lost in denial
I wish this could last forever

(Pre-Chorus)

It's slipping away
There's nothing we can do
It's slipping away
There's no tomorrow without you

(Chorus - part 1)

I wish these 24 hours
Would never end
Oh in these 24 hours
Wish to forget nothing

(Chorus - part 2)

24 hours
We still have time
For 24 hours
You're still mine

I wish these 24 hours
Would never end

(Bridge)

I... I...

I... I...
I won't tell no one
I won't tell no one
I won't tell no one
'Cause in 24 hours
'Cause in 24 hours
You'll be gone
You'll be gone
You'll be gone
In 24 hours

(Chorus - part 2)
24 hours
We still have time
For 24 hours
You're still mine

I wish these 24 hours
Would never end

(Chorus - part 1)
I wish these 24 hours
Would never end
Oh in these 24 hours
Wish to forget nothing
