

Bring It Back

Skye Sweetnam

Back, would you please bring it back?
My whole life is at a wack.
I crack under pressure, measure the facts.
My world is upside-down, when you're not around.
I'm down, low down, come back now.

Cut, the curtains have been cut.
Feel the churnin' in your gut.
The look, I'm fallin' but not out of love.
The only cloud above, is covering the sun.
My sun, it's gone, it's gone yeah!

Bring it back now (3x)
Ooh ah oh ooh ah oh
Bring it back, 'coz time's taking you away (time's taking you away)

Break, bend you bring 'til it breaks.
Just don't let it go to waste
You make, a move and prove that you miss the perpetual bliss.
The feeling when we kiss.
My lip, in print, you hit man!

Slide, I slip into your mind.
Finally I will find my way shifting on your other better side.
Don't leave this love behind.
One day you will be mine like old times, you'll be mine, you'll be mine yeah
!

Bring it back now (3x)
Ooh ah oh ooh ah oh
Bring it back, 'coz time's taking you away (time's taking you away)

Back, oh bring it back to me, the way it used to be.
Oh please, I want you to come back.
Oh bring it back to me, the way it used to be.
Oh please, I want you to come back.

Bring it back now (3x)
Ooh ah oh ooh ah oh
Bring it back, 'coz time's taking you away Ooh ah oh ooh ah oh

Bring it back (2x)
Bring it back now
Ooh ah oh ooh ah oh

Bring it back (2x)
Bring it back now
Ooh ah oh ooh ah oh

(Bring it back.....yeah...)
Ooh ah oh ooh ah oh

(taking you away, fucking you away..you away..you away)
Ooh ah oh ooh ah oh

(Bring it back, it's taking you away)
(Ooh ah oh ooh ah oh)
