

# My Brand New Life

Skye Sweetnam

Wake up and See  
It's just an ordinary day  
Livin' the same way  
Wishful words to get away

Back up and turn around  
Zoom up and turn upside down  
You've got a new you  
What would you do  
With a brand new life

Get set for a change  
Around you, the world will rearrange  
Right through that door  
Some things you've never seen before

Back up and turn around  
Zoom up and turn upside down  
You've got a new you  
What would you do  
With a brand new life
