

Wolves & Witches

Skye Sweetnam

I took a walk with my basket full of goodies
Outside my boundries with a red hoodie on
I found a forest and it led to a valley
Sooner or later all the daylight was gone
Skip and a harp the stars are shining above me
I'm on my way. I'm not afraid. All inhibitions gone
A voice awakened of someone in the moonlight
Caught in a trance of sweet romance
So I sang along

Ooh ooh
The wolf's howling at the moon
Ooh ooh
The ? man will come soon ? by the tune
Yeah

Wolves and witches, all the bitches
They just bring you down
How much better the world would be without them around
Wolves and witches they're lost wishes
They just can't be found
They're true ? the spell casts they're bannished now

I took a walk to see where the path would take me
Followed the bread crumbs and i fed them to the birds
No one can find me in my house made out of candy
Only a trail of notes and the air could still be ?

Ooh ooh
The witchs are mad
Ooh ooh
You won't hear them cdy to the sky
Cause im gonna rhyme my time away

Wolves and witches, all the bitches
They just bring you down
How much better the world would be without them around
Wolves and witches they're lost wishes
They just can't be found
They're true ? the spell casts they're bannished now

And the song goes like this
Oh ooh oh ooh oh ooh oh ooh oh ooh yeah

Wolves and witches, all the bitches
They just bring you down
Oh how much better the world would be without them around
Wolves and witches they're lost wishes
They just can't be found
They're true ? the spell casts they're bannished now

Wolves and witches, all the bitches
They just bring you down
How much better the world would be without them around
Wolves and witches they're lost wishes
They just can't be found
They're true ? the spell casts they're bannished

Spell casts they're banished
Spell casts they're banished
Spell casts they're banished now
