

Calling

Skye

I'm calling, wanting you near
Your stalling, I feel you fear
You've been hurt before
I understand why your insecure
I'm falling cos' I'm so sure

Come on, come on, come on
Come in closer now
Tell me what you got to loose
Come on, come on, come on
Come in closer now
How can you refuse...
Me

I'm flying and you could be too
But your crying, what's holding you

Love is calling...
Open up and let life shine
I'm calling...

Come in closer now
Tell me what you got to loose
Come in closer now...
