

Powerful

Skye

Then we both went home
On separate trains
When the heart had gone out of it

But I'm gonna cry, I wanna laugh again
I'm not gonna try when it isn't happening
I'll just let it go

Can you feel me now, powerful
Do you hear me now
Every things possible
Wonderful, feel like I'm beautiful

When we both look back
We don't see the same
I don't need to deal with that hurt again

Cause I'm ready to fly
I've gotta spread my wings
I don't wanna die without living
Just let me go

Can you feel me now, powerful
Do you hear me now
Every things possible
Wonderful, I feel like I'm beautiful

You told me that I could never love
With out you
I didn't argue with the fact
I guess I was happy with that
At the time

Can you feel me now, powerful
Do you hear me now, any things possible
Wonderful, feel like I'm beautiful
Natural, lyrical, no longer cynical

Then we both went home...
