

Troubled Heart

Skye

Hey yeah hey oh ah (4x)

Hey troubled heart been down and out
Not had alot of luck heavy load of doubt
Hey shout it out now it's the time to turn it round

Oh troubled heart can you lighten up
Gotta make a stop no messing about
Hey shout it out now it's the time to turn it round

Say you let it out no need to hold on to
Best to get it out the thing that's hurting you
Hey shout it out no better time to turn it round

Hey yeah hey oh ah (4x)

Oh troubled heart bum bum in the dark
Slow tempo but know it hasn't stopped
Hey shout it out now it's the time to turn it round

Say you let it out no need to hold on to
Best to get it out the thing that's stopping you
Hey shout it out no better time to turn it round

Hey yeah hey oh ah (4x)

I lost the pace you say I know I thought I made it too
Out and hoping that it fall
Tonight is bittersweet and know it knows just what it needed to
o
It is for this beating heart

Hey yeah hey oh ah (4x)
