

# Lemonade

Skylar Grey

through heaven and hell  
that's what you said  
through sickness and health  
that's what you said

cause no one knows what we been through  
and no one knows me like you do  
nobody

i couldn't wait for someone to come around  
for someone who wouldn't leave a bad taste in my mouth  
my love came in you and i made  
lemonade (repeated)  
i pucker my lips and \_\_\_\_\_  
\_\_\_\_\_ to wash it down  
cause love, you and i made  
lemonade ...

for better or worse  
that's what you said  
from propose to hearse  
that's what you said

cause no one knows what we been through  
and no one knows me like you do  
nobody

i couldn't wait for someone to come around  
for someone who wouldn't leave a bad taste in my mouth  
my love came in you and i made  
lemonade (repeated)  
i pucker my lips and \_\_\_\_\_  
\_\_\_\_\_ to wash it down  
cause love, you and i made  
lemonade ...

nobody's perfect  
though we try the best we can  
you've made it so worth it
