

# Tower (Don't Look Down)

Skylar Grey

You're high upon the tower  
Now don't look down  
I will be okay here on the ground  
And you can always call  
To say hello from time to time  
When you're no longer mine

I will be drunk on cheap beer  
Like everyone else around here  
You've got the world at your feet  
But there's nothing out there for me

You don't have to lie  
Saying that you'll try  
To make it work from a distance  
Just leave me here to die  
As I watch you climb  
Up to the top of your ambitions

You're high upon the tower  
Now don't look down  
I will be okay here on the ground  
And you can always call  
To say hello from time to time  
When you're no longer mine

Here in a pale shade of life  
Under the trailer park lights  
There'll be nothing left for you to see  
You won't even recognize me

You don't have to lie  
Saying that you'll try  
To make it work from a distance  
Just leave me here to die  
As I watch you climb  
Up to the top of your ambitions

You're high upon the tower  
Now don't look down  
I will be okay here on the ground  
And you can always call  
To say hello from time to time  
When you're no longer mine

I always knew (I always knew) that you would follow your big dreams  
What I didn't know (I didn't know) is that your dreams never did include me

You're high upon the tower  
Now don't look down  
I will be okay here on the ground  
And you can always call  
To say hello from time to time  
When you're no longer mine
