

# The Tragedy

Skylark

These are the Darkest Ages ever, all was in vain.  
No hope, no more wisdom on Earth.  
The evil lands of Lucifer had overcome.  
We have to seek for another life far from here on the Princess  
Star.  
Because all that remains on Earth is: Tragedy.

The time is rising, into the Light, so now my answers come: the  
Tragedy.  
And when you left here, no matter if you know, 'cause we don't  
need them anymore.

My wings are rising, and now I go, until I'll be to far to come  
back home.  
Souls of Darkness, another prison, another chapter: the last se  
ason.

Fire's burning on our Planet, Satan's work is done for us...  
Now his Throne is shining brightening and we are giving up!

So kill these Angels, las sacrifice, among the strangers, I can  
's protect your eyes.  
The only chance, to be alive, to see next day; (so) please give  
me all the strenght to run away.

The Tragedy, the fighting, nothing left to move this blame on m  
e.  
The Tragedy, a liar that the World will get for him.  
Is the Tragedy, his nightmare and our Souls are going to fall d  
eep down.  
The Tragedy, someday we will find another World to live again.

But you can look, look for another way, you can look at Ivory C  
astles to play

So you try to sing with some Angels, who are going to protect o  
ur Grave...  
Angels and Rainbow we save them for freedom, Angels and Rainbow  
we love them,  
Angels and Rainbow we look at your power, Angels and Rainbow cr  
eatures of the Sun.

My wings are rising, and now I go, until I'll be to far to come  
back home: The Tragedy.  
And when you left here, no matter if you know, 'cause we don't  
need them anymore.

My wings are rising, and now I go, until I'll be to far to come

back home: The Tragedy.  
Blood in the air, pain all around, we gave to Satan what he haven't found.

Fire's burning on our Planet, Satan's work is done for us...  
Now his Throne is shining brightening and we are giving up!

The Tragedy, the fighting, nothing left to move this blame on me.

The Tragedy, a liar that the World will get for him.  
Is the Tragedy, his nightmare and our Souls are going to fall deep down.

The Tragedy, the Earth, but another World will take its place to start.
