

# I Can't Breathe, Forever

Skyline

You were just the one standing by my side - you said forever  
You'll be only one who will understand - you said forever  
And you unlocked my mind, be my heart and life - you said forever  
You were my whole life, remember you said forever I will be there

Now, we both have changed, our time's been broken, gone forever  
We stand side by side, but the silence of love between us forever  
Will we return to be, living in our past, but it's lost forever  
I'm too weak to leave and I know my faith is to stay forever with you

I can't breathe  
I can't breathe  
I can't breathe  
I can't breathe  
I can't breathe  
My head, my eyes, my feet  
are like freshening now  
I can't breathe  
My heart, my mind, my soul  
are like losing now  
I can't breathe  
My head, my eyes, my feet  
are like freshening now  
I can't breathe  
My heart, my mind, my soul  
are like falling down.

Unlocked my mind  
You unlocked my mind  
Unlocked my mind  
You unlocked my mind  
And you unlocked my mind  
You unlocked my mind  
Unlocked my mind  
And you...

I can't breathe  
I can't breathe  
I can't breathe  
I can't breathe  
I can't breathe  
My head, my eyes, my feet  
are like freshening now  
I can't breathe  
My heart, my mind, my soul  
are like losing now  
I can't breathe  
My head, my eyes, my feet  
are like freshening now  
I can't breathe  
My heart, my mind, my soul  
are like falling down.
