Slade

I don't wanna do you no harm  
But sometimes I feel the weight of the world  
It's so heavy and it's bringing me down  
And I need you, I need you, girl

Come little Angelina  
I don't wanna do you no harm  
Take me where the grass is greener  
Take me where the sea is calm  
All I want is you  
Take me in your arms and give me love

(Hoo shoo shoo come)  
(Hoo shoo shoo come)  
(Hoo shoo shoo come)  
(Hoo shoo shoo come)  
All I want is you  
Take me in your arms and give me love

Angelina, Angelina, love me, love me  
Angelina, Angelina, love me, wanna love you

Come little Angelina  
Don't want that you hurt me  
Take me where the air is cleaner  
Take me where the wind blows free  
All I want is you  
Take me in your arms and give me love  
Give me love Give me love

(Hoo shoo shoo come)  
Give me love Give me love  
(Hoo shoo shoo come)  
Need your love  
Want your love  
(Hoo shoo shoo come)  
(Hoo shoo shoo come)  
Hey, All I want is you  
Take me in your arms and give me love  
I need your love, need your love  
(Hoo shoo shoo come)  
(Hoo shoo shoo come)  
Every day and every now  
(Hoo shoo shoo come)  
Want your love, want your love  
(Hoo shoo shoo come)  
Hey, all I want is you  
Take me in your arms and give me love  
(Hoo shoo shoo come)...
