Angelina

I don't wanna do you no harm But sometimes I feel the weight of the world It's so heavy and it's bringing me down And I need you, I need you, girl

Come little Angelina I don't wanna do you no harm Take me where the grass is greener Take me where the sea is calm All I want is you Take me in your arms and give me love

(Hoo shoo shoo come)
(Hoo shoo shoo come)
(Hoo shoo shoo come)
(Hoo shoo shoo come)
All I want is you
Take me in your arms and give me love

Angelina, Angelina, love me, love me Angelina, Angelina, love me, wanna love you

Come little Angelina Don't want that you hurt me Take me where the air is cleaner Take me where the wind blows free All I want is you Take me in your arms and give me love Give me love Give me love

(Hoo shoo shoo come) Give me love Give me love (Hoo shoo shoo come) Need your love Want your love (Hoo shoo shoo come) (Hoo shoo shoo come) Hey, All I want is you Take me in your arms and give me love I need your love, need your love (Hoo shoo shoo come) (Hoo shoo shoo come) Every day and every now (Hoo shoo shoo come) Want your love, want your love (Hoo shoo shoo come) Hey, all I want is you Take me in your arms and give me love (Hoo shoo shoo come)...
