

## Dirty Joker

Slade

He's a dirty joker  
He's a dirty joker all through the day  
Makes me do what he says  
He's mine all the time never wanting to go

This way or that way  
This way or that way which way to go  
Will I take the right track  
Yet he's mine all the time never wanting to go

He calls from his side  
Mine is the problem to decide  
He knows the weakness I've got  
Doesn't it stand out on my face

What a dirty joker  
What a dirty joker try to make himself clean  
What a fancy powder  
You can tell from his smell that he's just like a queen

He calls from his side  
Mine is the problem to decide  
He knows the weakness I've got  
Doesn't it stand out on my face

Ohhh-oh

Ohhh-oh

[Break]

He's a dirty joker  
He's a dirty joker all through the day  
Makes me do what he says  
Yet he's mine all the time never wanting to go

He calls from his side  
Mine is the problem to decide  
He knows the weakness I've got  
Doesn't it stand out on my face

Ohhh-oh
