

Do The Dirty

Slade

Hear a whistle blowin' out there somewhere
Beware a wolf a knockin' on the door.
Hear a whistle blowin' out there somewhere
Leave his sheep skin on the floor

[Chorus]

Do the dirty, do the dirty, do the dirty now
Do the dirty, do the dirty, do the dirty and now
The things that we said went over their heads

Hear a bellow roarin' out there somewhere
Hear a bellow roarin' out there somewhere
Take his horns before it's too late

[Chorus Repeat]

Hear no sound o'nothin' out there nowhere
Beware a snake comin' through the grass
Hear no sound o'nothin' out there nowhere
Cold as ice so let him pass

[Chorus Repeat]
