

## Do The Dirty

Slade

Hear a whistle blowin' out there somewhere  
Beware a wolf a knockin' on the door.  
Hear a whistle blowin' out there somewhere  
Leave his sheep skin on the floor

[Chorus]

Do the dirty, do the dirty, do the dirty now  
Do the dirty, do the dirty, do the dirty and now  
The things that we said went over their heads

Hear a bellow roarin' out there somewhere  
Hear a bellow roarin' out there somewhere  
Take his horns before it's too late

[Chorus Repeat]

Hear no sound o'nothin' out there nowhere  
Beware a snake comin' through the grass  
Hear no sound o'nothin' out there nowhere  
Cold as ice so let him pass

[Chorus Repeat]
