Hey Ho Wish You Well

Hey ho wish you well, wish you well, wish you well... Hey ho wish you well, wish you well... Hey ho wish you well Everybody wanna yell High fly touch the sky Over the moon Here there everywhere Any grumble going spare High fly touch the sky Over the moon Over the moon Mad dogs and Englishmen Going out in the midday sun Come on and join the fun Do you know what I mean Are you a ladies man Gypsies kiss in a caravan Drinking the black and tan Do you know what I mean Hey ho wish you well Everybody wanna yell High fly touch the sky Over the moon Here there everywhere Any grumble going spare High fly touch the sky Over the moon Over the moon Turn on your Dictaphone Take your secretary home Break down in a parking zone Do you know what I mean Riff raff I need a bath Try and look good on a photograph I'm on a crazy path Do you know what I mean Hey ho wish you well Everybody wanna yell High fly touch the sky Over the moon Here there everywhere Any grumble going spare High fly touch the sky Over the moon Over the moon Mad dogs and Englishmen

Going out in the midday sun To hot to jump the gun Do you know what I mean Are you a ladies man Gypsies kiss in a caravan
