

## I Don' Mind

Slade

I don't mind, if there's a change in me  
I'm unkind, that's how I've got to be  
am I being cruel, am I being cruel  
I danced on your face  
it seemed the best place  
for acting the fool  
I got time, to put my wrong things right  
my life's mine, to do with what I like  
am I being cruel, am I being cruel  
I danced on your face etc.  
[chorus]  
I'm going up, down, all around  
build me up and knock me down  
to the ground, I don't mind, I don't mind  
my star sign, was just no good for you  
it might shine, but it can't pull me through  
am I being cruel, am I being cruel  
I danced on your face etc.  
[chorus]  
I danced on your face etc.  
I don't mind  
[repeat to fade]
