

# Lay Your Love On The Line

Slade

I hear the sound of rock'n'roll thunder  
I think you know the spell that I'm under  
I feel that something's playin' crazy with my heart

Up in the sky the heavens are fallin'  
And all around the angels are callin'  
You're movin' mountains slowly tearin' me apart

Chorus

Lay your love on the line  
Lay your love on the line  
Lay your love on the line  
Say you're gonna be mine

If I could be a man for all seasons  
Give me your answer give me your reasons  
I'd like to be a king if only for a day

I've seen the world and I know what I'm after  
One look from you and my heart's a disaster  
And every dream I've dreamed would take your breath  
away

Chorus

Lay your love on the line  
Lay your love on the line  
Lay your love on the line  
Say you're gonna be mine

Break

Chorus

Lay your love on the line  
Lay your love on the line  
Lay your love on the line  
Say you're gonna be mine

Chorus

Lay your love on the line  
Lay your love on the line  
Lay your love on the line  
Say you're gonna be mine
