

MAMA WEER ALL CRAZEE NOW

Slade

I don't want to, drink my whiskey like you do
I don't need to, spend my money but I still do
Don't stop now, ah come on.
Another drop now, so come on
I wanna lot now, so come on.
That's right, that's right

I said ma mama we're all crazy now.
I said ma mama we're all crazy now
I said ma mama we're all crazy now

You told me, a fool firewater won't hurt me
You tease me and all my ladies desert me

Another drop now, so come on.
I wanna lot now, so come on
That's right, that's right

I said ma mama we're all crazy now.
I said ma mama we're all crazy now
I said ma mama we're all crazy now

I don't want to, drink my whiskey but I still do
I had enough to fill up Hill's left shoe.

Another drop now, so come on.
I wanna lot now, so come on
That's right, that's right

I said ma mama we're all crazy now.
I said ma mama we're all crazy now
I said ma mama we're all crazy now
