

Oi

It's no use in us working 'cos you'll take all we're earning - Mr Tax, Mr Tax, Mr Tax

You've got pounds, we've got pence

Why don't you come to your senses?

Mr Tax, Mr Tax, Mr Tax

You're bleeding me dry

(What you want now what you take now and more)

You take, take, take it - rock and rolls your money maker

(What you need now is what you get now and more)

I make it all, you take it all, you got it

I'm scrapping the flat, 'cos I'm working in that

Mr Tax, Mr Tax, Mr Tax

If I pay all my dues with these holes in my shoes

Just relax off my back Mr Tax

You're bleeding me dry

What you want now is what you take now and more

I make it, you take it - rock and rolls your money maker

What you need now is what you get now and more

I make it all, you take it all, you got it

Hey man what's your game?

Hey man what's your name?

Hey man what's your game?

Hey man what's your name?

Mr Inspector... with your miles and miles of sad exiles

Mr Collector... with your miles and miles of money files

With your note on the dole queue

It's the best thing for us, to get some back off our tax, Mr Tax

Still you drive up for incomes to break in a few

What's the crack let 'em back Mr Tax

You're bleeding me dry now

What you want now what you take now and more

Your taking rolls of money makers

What you need now is what you get now and more

I make some more, you take it, all you get it all, you still want more

You're bleeding me it's hard to see why

Will you settle for less Mr OHMS

You bleed me dry with no reason why

I make some more you still want more you get it

Hey man what's your game?

Hey man what's your name?

Hey man what's your game?

Hey man what's your name?

You take the money and run. You take the money and run.

You take the money and run. You take the money and run.

You take the money and run. You take the money and run.

You take the money and run. You take the money and run.

You take the money and run. You take the money and run.
You take the money and run. .
