

## She's Heavy

Slade

Oh I don't complain when she squeezes me  
Cos she's heavy  
And I don't complain when she teases me  
Cos she's heavy  
Oh I don't complain when she turns up late  
Asks me out I don't hesitate  
Got a lot more loving with a lot more weight  
And she's heavy  
And she's heavy

Oh I don't object when she cooks a lot  
Cos she's heavy  
And I don't object when she calls the shots  
And she's ready  
She might need to lose just a pound or two  
The lady knows how to bill and coo  
Got so much more I can hold on to  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy

No no no, no more tonight  
I can see what you bin saving  
No no no, no more tonight  
I can see you're misbehaving

When her temper rises she can shake the ground  
And she's heavy  
And there's plenty there to put your arms around  
And she's ready  
Her profile leaves you in no doubt  
It's hard to handle such a big amount  
See her through my eyes it's what's inside that counts  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy  
And she's heavy
