

Sweet Box

Slade

Wat-ching sweet time box of love

Put me in your sweet box
I'm coming along in your sweet box
Do I have to take all night to get there

I saw in the load on your back light
What I saw through my glasses was alright
Do I have to take all night to get there

Wat-ching sweet time box of love

Put me in your sweet box
I'm coming along in your sweet box
Do I have to take all night to get there

In your sweet box

I saw in the load on your back light
What I saw through my glasses was alright
Do I have to take all night to get there

In your sweet box
