

Two Track Stereo One Track Mind

Slade

With her one track mind
With her one track mind
She was a hooked on two track stereo
With her one track mind woh-ho-oh

Well she always had lousy timing
But she'd like me to love to easy
From wearing headphones woh-ho-oh
Wearing headphones yeah-yeah-yeah
They get in the way of talking
And it don't sound the same
When you have to shout sweet nothing's woh-ho-oh
To her headphones oh-ho-ho-ho

Chorus
With her one track mind
The brain in her behind
She was hooked on two track stereo
With her one track mind woh-ho-oh

Yeah-hey-hey

She'd be late for a date on purpose
Making sure that she keeps you waiting
And while she makes up woh-ho-oh
Another new face woh-ho-ho-ho

She was always forgetting something
And she'd easily lose her head
And there'd be nowhere woh--ho-oh
To hang her headphones yeah-yeah-yeah

Chorus
With her one track mind
The brain in her behind
She was hooked on two track stereo
With her one track mind woh-ho-oh

Yeah-hey-hey

Break

Oh well she always had lousy timing
Wearing headphones while she's out eating
Or out walking
Like a zombie yeah

Chorus
With her one track mind
That brain in her behind
She was hooked on two track stereo
With her one track mind woh-ho-oh

One track mind

What's going through her mind
