

## 16 Valve Hate

Snapshot

My head is burning  
To many sleepless nights  
I can't stop dreaming  
Turn out my lights  
I'm always angry  
No apparent reason  
Try to make excuses  
There aren't any

I'd like to run but I gotta wait  
For my 16 valve hate  
I want to go but I've got a date  
With my 16 valve hate

I lose to an explosion  
I take it out on myself  
Sick of all these bruises  
Can't deal with frustration  
And now I wonder  
Why no one calls me  
It's so depressing  
So fucking lonely

I'd like to run but I gotta wait  
For my 16 valve hate  
I want to go buy I've got a date  
With my 16 valve hate
