

## Where There's Smoke

Snapshot

Why is everybody on my back  
Better leave me be or I'll attack  
Always giving giving giving crap  
Push me more and I'm gonna snap  
We're a powder keg that's gonna blow  
If you don't want to die you'd better go  
Why doesn't just everybody just leave me alone  
Before this place becomes a combat zone  
Where there's smoke there's fire  
Where there's smoke there's fire  
Head is smoking but a fire's near  
Putting out isn't what I fear  
What is when the flame spread  
Don't like ideas inside my head  
What we say is what we do  
When the fire comes down on you  
Don't start what you can't end  
I'd be nice but I can't pretend  
Where there's smoke there's fire  
Where there's smoke there's fire  
Where there's smoke there's fire  
Where there's smoke there's fire  
Where there's smoke there's fire  
Where there's smoke there's fire  
Where there's smoke there's fire  
Where there's smoke there's fire  
There is fire... There is fire... There is fire
