

# Back And Forth Again

Slash's Snakepit

INTRO:

Bb F C (3 times)

VERSE:

Now you've slipped away  
And found a place to stay  
Who do i congratulate  
But I'm happy for you  
Where are you today  
I sense that you're afraid  
And I don't know what to do  
I miss you but what does it change?  
This confusion feels the same  
Forget you and let you leave  
But I'm still thinkin' it through  
'cause it's been the conflict between us  
That's kept me from sinkin' before  
You drove me crazy and I let you  
Come do it some more  
Put the past to bed  
We've done it before

CHORUS:

Now we're back and forth again  
Can we help this pointless thing  
Swingin' like a hinge  
To the place we always meet  
There's nothing the same  
Except loneliness is strange  
'cause you wear the face  
that I can never leave  
And I know that you're gonna call  
'cause you know just where I'll be  
Once you come and find me here  
And I'll be happy for me  
So happy to be (hi mum!)  
Not alone, alone anymore  
We've done it before  
(slash!)

CHORUS:

(repeat as above)

BRIDGE:

It's such a shame how little things  
Can change your mind  
Don't just sit here filing your nails  
and passing the time  
I just can let you bottle it up  
And take it to far  
Carrying all of that weight  
Is the hardest part

SOLO:

CHORUS:
