

# Take It Away

Slash's Snakepit

You and I...  
Have been playing this game  
For so damn long  
And I...  
Don't know why  
These cards are too old  
So I'm gonna fold  
Bye bye  
Bye bye  
Bye bye

Yeah...

Party's over and all our friends are gone  
Was it something I said, did we have too much fun  
Guess you missed it, look around  
It's never you who's to blame for bringin' everyone down

It's never you who's to blame  
For setting the stage  
You want it your way  
C'mon, C'mon, C'mon  
Why don't you take it away  
Take it away  
Come on, take it away  
Take it away  
Take it away  
Take it away  
Why don't you take it away  
Take it away

Bad rumors goin' round  
Nothing said from my mouth  
Why would you think  
It's you  
It's hitting too close to home now

Is it me or you  
Who carries the weight  
To deal with your pain  
And don't you hate it too  
It smothers and drains all the same

C'mon, take it away  
Take it away  
Why don't you take it away  
Take it away  
Why don't you take it away  
Take it away  
C'mon, take it away  
Take it away...!

C'mon, take it away  
Take it away  
Why don't you take it away  
C'mon, take it away  
why don't you take it away
