

# The Call of the Wild

Slash

Like a revelation  
Like a beam of light  
Like a holy ghost betrayed in the afterlife  
It's a new religion  
It's a better way  
It's a new tomorrow till we're all replaced

In a world so loud  
I can't shut it out  
No I can't shut it out  
Well the time is now yeah

Turn off the silence  
And pour out the fire

It's an aggravation  
It's a mystery  
So many find a solace in technology  
An abomination  
It's a new disease  
Well the time has come to power down and breathe

In a world so loud  
I think we're burning out  
I think we're burning out  
Well the time is now yeah

Turn off the silence  
And pour out the fire  
Screaming in solace  
The call of the wild

But how this ends I guess we'll have to wait and see  
But it don't look that good to me  
You can't defend the things you claim have set you free  
When you're a slave to the machine

In a world so loud  
I think we're burning out  
I think we're burning out  
Well the time is now yeah

Turn off the silence  
And pour out the fire

Turn off the silence  
And pour out the fire  
(The call of the wild)  
Screaming in solace  
The call of the wild  
(The call of the wild)
