I'm Gone

Slaughter

Take it to the limit it's so good to be alive Send out an all points bulletin and join the rocket ride Because I'm gone. . .I'm gone, gone, gone, gone, gone I've got the pedal to the medal And I hope to see you soon I've got so much testosterone I'm blowin' up the room Because I'm gone. . .I'm gone, gone, gone, gone, gone

Can't you see no pain no gain Runnin' around inside my brain

Everybody come along Because I'm gone, gone, gone, gone, gone

Can't you see no pain no gain Runnin' around inside my brain
