

We Did It

Slaughterhouse

"Yeah"

"We did it"

Yeah

Hate to sound like a broken record but, we did it

What else we gon' do, huh?

What else we gon' do but hustle?

Grind, go hard man

We in a position where we gotta succeed, by any means necessary

Failure is not an option (real niggaz don't die)

Cause if we do fail, it's back to the drawing board
