

It's Enough

Sleater-Kinney

Baby got a record
And takin' me home
I'm playin' it loud
When you're all alone
And hear me singin'
Hear this song
Hear my voice
In your favorite song

Enough, it's enough
If you want it that much?
It's enough, it's enough
It's enough, it's enough
Enough, it's enough
If you want it that much?
It's enough, it's enough
It's enough, it's enough

Can't hear nothin'
But that sound
Is it what you want?
Are you ready? Let's go

Enough, it's enough
If you want it that much?
It's enough, it's enough
It's enough, it's enough
Enough, it's enough
If you want it that much?
It's enough, it's enough
It's enough, it's enough

Hit the floor
Shake it baby
A little more, little more, little more

Enough, it's enough
If you want it that much?
It's enough, it's enough
It's enough, it's enough
Enough, it's enough
If you want it that much?
It's enough, it's enough
It's enough, it's enough
It's

I make, I make, I make
Rock 'n' roll
